Response to Amendment

2. Examiner acknowledges cancelled claims 3, 18-20, 24 and 38-40.

Allowable Subject Matter

3. Claims 1, 2, 5-10, 11-12, 13, 14-17, 21-23, 25-33, 35, 36-37 and 41 (renumbered claims 1, 2, 3-8, 10-11, 9, 12-15, 16-18, 21-29, 30, 19-20 and 31) are allowed.
4. The following is an examiner's statement of reasons for allowance for independent claims 1, 21 and 41.

Regarding claim 1, the prior art teaches developing photographic film, scanning said developed film to create digital image data. It is also well known to send message notifying a consumer a print is ready for pick up. The distinguishing feature is the transmitting of digital image data and the notifying message to a cell phone, wherein consumer is presented with image adjustment options and manipulating a color border and receiving an order print corresponding to an image viewed. Claims 2 and 5-17 depend on claim 1. Therefore are also allowable.

Regarding claim 21, the prior art teaches uploading digital image data to a service facility. It is also well known to transmit digital image data through a network and to send message notifying a consumer a print is ready for pick up. The distinguishing feature is the transmitting of digital image data and the sending of a notifying message to a cell phone, wherein consumer is presented with image adjustment options and manipulating a color border and receiving an order print corresponding to an image viewed. Claims 22-23, 25-33 and 35-37 depend on claim 21. Therefore are also allowable.

Regarding claim 41, the prior art teaches developing photographic film, scanning said developed film to create digital image data. It is also well known to send message notifying a consumer a print is ready for pick up. The distinguishing feature is the transmitting digital image data and the notifying message to a cell phone and displaying icon on the cell phone display, wherein the selection of said icon automatically causes cell phone to be connected with the service facility.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
